Esther has the Dutch nationality and currently lives in Luxembourg. She has a strong international background due to her 25-year career in the world of finance and the personal development sector. She lived and work in, amongst others, The Netherlands, the Caribbean islands, Chili, Luxembourg, Belgium and France.

Esther is a Master of law with a specialization in international business and tax law. She was educated to coach at the BAO Elan Vital School of Coaching in Brussels. She is a Member of the International Coach Federation and is certified for the Myers Briggs Type Indicator (MBTI) and as a Neuro-Linguistic Programming practitioner. She uses these methods in her work. In The Netherlands she is registered as a Mediator specialized in mediation in sensitive Business2Business situations.

Esther works mainly in the areas of executive leadership, team coaching and team mentoring, customer relationships, change management, project management and she is a passionate facilitator of strategic and innovation-oriented meetings.

A topic she likes talking about is the starting up and managing of blended e-learning programs. Her approach is pragmatic, with a no-nonsense attitude, well-structured and organized but at the same time flexible in terms of responding to the needs of the team she is working with. Due to her international experience and her extensive knowledge of languages she likes to work in multicultural environments and she can appeal to participants in their native language (Dutch, English, French, German and Spanish).
